Edition 2018-01

All products mentioned in this catalogue precisely fit into the vehicles for which they are mentioned. The use of brands and model names in this catalogue purely serves the purpose of identifying the vehicle model into which our parts can be fitted.

No liability is accepted for improper fitting of our products. Illustrations are non-binding, subject to technical amendments.

Trade names of vehicle models and manufacturers are used in this catalogue only in an identifying capacity.

All illustrations are the property of JP (Automatic Transmissions) Ltd.. Use of the illustrations by any person or company without the written permission of JP (Automatic Transmissions) Ltd..

All rights reserved. This publication may not be reproduced either in whole or in part in any form whatsoever without the written permission of JP (Automatic Transmissions) Ltd.. Subject to amendments without notice.

All particulars are non-binding and without engagement and subject to typographical and printing errors. No liability for errors and printing errors.

JP (Automatic Transmissions) Ltd

JPAT Transfer Cases. We are pleased to now offer a range of internal parts for the repair and remanufacture of transfer cases. If you are unsure of the transfer case illustration you require please enquire with the VIN and we will help you to identify the correct illustration. We also offer complete OE remanufactured transfer assemblies, which are listed in a separate catalogue.

Introducing JPAT... We are specialists in the supply of automatic transmission parts and the in-house remanufacture of torque converters to retail, commercial, and industrial customers in the UK and worldwide. Based south of Bristol, in the UK, we have been trading as a family-owned and run company since 1975.

Quality and Service. Our staff strive to ensure that the service provided is second to none. To meet this aim, we have in place long-standing quality assurance systems. We are suppliers of ZF OEM parts and are long-standing members of the UK's Federation of Automatic Transmission Engineers and US-based APRA and TCRA.
